The above prices embrace a steerage passage from Liverpool to Boston, by any of our Splendid Line of Packets; provisions at sea according to the undermentioned dietary scale; doctor's attendance and medicine on board when required; port charges at Boston, and all expenses of transportation of passengers and baggage from the ship at Boston, to the destination agreed upon.

On the arrival of any of our ships in the outer harbor, we immediately dispatch an agent on board, to give prepaid passengers the necessary instructions regarding their route westward.

Bedding and utensils for eating and drinking, must be provided by passengers; and those going to the Canadas, or Western States, must furnish their own provisions from Boston.

TRAIN & CO., of Boston, inform those who take an interest in the welfare of Immigrants, that as owners of the only LIVERPOOL and BOSTON LINE of PACKETS, they have determined that their Immigration business shall be conducted in their own name, on their own responsibility, and by themselves or their immediate servants.

In calling public attention to the subjoined list of the Ships which comprise our Boston Line of Packets, we believe that its general reputation *as the first of American Lines* is sufficiently well known and established. The Thousands of Letters which have been sent by American Immigrants to their friends in every part of Europe, have borne ample testimony to the rapid and successful passages made by those Ships, and to the superior Health, Comfort and Safety which their Passengers have hitherto enjoyed. Many of them will be recognized as vessels which have gained the very highest character, by a succession of unusual rapid passages.

They possess all the modern improvements which conduce to health and comfort, as a superior system of lighting and ventilating, the very best Provisions, and a careful medical superintendence.

The Captains have been carefully selected as first-rate sailors and men of humanity, and an experienced Surgeon is attached to each Ship, and no expense is spared to render this the best and most popular conveyance to America. As Train & Co. have made such arrangements in Liverpool as will PROTECT their friends from the frauds and impositions sometimes practiced there, they believe that those who pre-pay passages cannot but see the advantage of being able to engage with a Respectable House, on favorable terms, for a well known Line of Magnificent Packet Ships, and in this way avoid the disrespect, annoyance and delay which they so often experience, when they engage with Agents who are but slightly connected with transient Ships.

As a proof that their Immigration business is conducted on principles uniformly Honorable and Humane, and that they have been distinguished for the most exact fulfilment of all their engagements, we are permitted to refer to the very Rev. THEOBALD MATHEW, Cork, Ireland.

We also subjoin the following testimonial from the Right Reverend JOHN BERNARD FITZPATRICK, D. D., Bishop, Cathedral, Boston.

(COPY.)

Boston, January 22d, 1849.

"I am happy to testify, from personal knowledge, that the firm of Ship Owners, known in this City of Boston, under the name of ENOCH TRAIN & CO., is composed of gentlemen of tried and acknowledged integrity, and that implicit reliance can be placed in their fidelity to accomplish all that they may promise, to those who have occasion to make any contract with them.

(signed) † JOHN B. FITZPATRICK,
Bishop of Boston.

The Greatest Discovery of the Age.

PROFESSOR WOOD OFFERS FOR SALE A perfect HAIR RESTORATIVE. It will in a short time restore the Hair which has become grey permanently to its original color—bring it out where it is gone, and arrest it where it is fading off—clean the head of the dandruff and itching—removes all cutaneous eruptions, and renders the scalp perfectly healthy by restoring the secretive organs to their original vigor and strength, and thus supply nutriment and coloring matter to it. It does not color the hair, but is, in short, a perfect Hair Invigorator and Tonic—in proof of which he will select from among the mass the following Certificates, viz:—

STATE OF ILLINOIS,
CARLYLE, June 27th, 1853.

I have used Prof. O. J. Wood's Hair Restorative, and have admired its wonderful effect. My hair was becoming, as I thought, prematurely gray, but by the use of his "Restorative," it has resumed its original color, and, I have no doubt, permanently so. SIDNEY BREESE,
Ex-Senator United States.

VINCENNES, Ind., June 15, 1852.

Prof. O. J. Wood—Dear Sir:—As you are about to manufacture extensively and vend your recently discovered Hair Restorative, I will state, for whomsoever it may concern, that I have used it and known others to use it—that I have for several years been in the habit of using other Hair Restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head of dandruff, and with one month's proper use, will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance, and all this without discoloring either the hands which apply it, or the dress on which it drops. I would, therefore, recommend its use to every one desirous of having a fine color and texture to hair. WILSON KING.

ST. LOUIS, June 29, 1852.

Prof. Wood—Dear Sir:—As you are about to prepare and vend your recently discovered Hair Restorative, and as you request my opinion of it, I will state that my hair was, a few months since, very gray, and after using two bottles of your Hair Restorative it assumed its original color; and since its application all dandruff has disappeared from my head, and I have been troubled with no disagreeable itching of the scalp. I am satisfied that those who use it will not regret it, as it gives the hair not only its original color, but it gives it the appearance of having been recently oiled. I am prepared, therefore, to recommend its use to all who are desirous of having a beautiful head of hair.

The following certificates speak for themselves, as the gentlemen whose signatures are attached, are known to thousands:—

ST. LOUIS, September 20, 1853.

Dr. O. J. Wood—Sir:—I have used nearly two bottles of your Hair Restorative, and have found its effects very satisfactory. It has entirely destroyed all dandruff from my head and has restored my hair to its original color, which had become quite grey. WM. TRUESDAIL.

St. Louis, September 23, 1853.

Dear Sir: By the advice of a friend of mine, who had been using your Hair Restorative, I was induced to try it, discovering, to my great astonishment, that my friend's hair, which, when I last saw him before, was very gray, had been completely restored to its original color, having as fine glossy appearance as it had when I knew him twenty years ago.

I commenced using the Restorative about five weeks ago, and am perfectly convinced that it will produce the desired effect, it having restored the color of my hair, more than half of which was white, to precisely the same it was when I was twenty years old, with the same healthy and glossy appearance. I have no hesitation in recommending it to my friends and the public generally, believing that if used according to directions they will not be disappointed.
Yours, very respectfully,
R. B. HOLMAN.

BRIMFIELD, June 10, 1853.

Prof. WOOD—Dear Sir: Since you request me to give you a statement of the effects of your wonderful Restorative upon me, I cheerfully state, in reply, that I have now used three bottles of it; and although my hair when I commenced its use was a silvery white (my age being sixty-four,) in one month's time it had resumed precisely its original color and so perfect that my friends all thought I looked twenty years younger than usual, and scarcely knew what to make of what they considered a perfect miracle, until I informed them it was but the result of an invention of yours called Hair Restorative. I will also state that I was much troubled with dandruff and itching, particularly when in perspiration; but it only required three or four applications to remove all dandruff and itching; and although my hair had fallen off until I was somewhat bald, I now have as fine a head of hair, both in color, softness and lustre, as I had when but a youth, and quite as abundant. It is proper for me to state that I commenced its use in August last, and used none since January. I have no doubt therefore but what the change is a permanent one; I can therefore recommend it as the most wonderful discovery of the age in which we live. S. M. RANDALL.

Prof. O. J. Wood—Dear Sir: Yours of June 21st, accompanied by a bottle of your Hair Restorative, was received. I very soon thereafter commenced using it, and it has entirely restored my hair to its natural youthful color.—There is considerable inquiry for the article, &c.
Very respectfully, yours, R. THORN.

One Hundred Years Ago.

Dear Sir:—Two months since, I never expected to write such a letter as this, to say that I am clear of the Rheumatism. I hardly know what to say or how to account for it after suffering for the last seven years the most excruciating pains man can endure. At every coming storm my whole body and joints were in the greatest torment man can bear, and somehow or other, it always appeared to me as if nobody pitied a man with the Rheumatism. Now I will also state, while on this subject, that the Rheumatism was a pitiful inheritance of my ancestors. I remember some thirty years since, when my father lay crippled on his bed with this disease, and of hearing him tell that his father and grandfather some 100 years ago, were melancholy afflicted in like manner. But now I can tell you I ask no pity from any man on that score, as I can do as good a day's work as I ever could.

I used only three small bottles of your wonderful Mustang Liniment, and now feel like myself again. Thanks to you and your invaluable Liniment.
MOSES DUNCAN, Shoal Creek, Mo.
To Dr. Bragg & Co., St. Louis, Mo.

☞ The following is but a small synopsis of what the Mustang Liniment will cure:

One bottle, 50 cent size, is warranted to cure the Scald Head.
One to two 50 cent bottles will cure the Salt Rheum.
One 25 cent bottle will cure the Caked Breast.
One small bottle is a certain cure for Sore Nipples.
One to three dollar bottles is warranted to cure the worst case of Rheumatism in any form, and one 50 cent bottle will cure any case of recent standing.
One to two small bottles will cure the Neuralgia.
One bottle, 50 cent size, will cure the severest Burn or Scald.
One dollar bottle will cure the Spinal Disease.
One small bottle will cure the Piles in any stage of the disease.
One to two 50 cent bottles will cure the Scrofula, in any case.
One small bottle will cure Chapped Hands.
Two to four bottles, 50 cent size, used in connection with the recipe for "Old Sores," accompanying each bottle, is warranted to cure the severest cases of Old Sores, commonly called Fever sores on the leg or shins, that have resisted all other treatment.
One dollar bottle will cure the Ring Bone, Sit fast or Scratches in Horses.
One dollar bottle will affect a permanent cure of the Spavin, Sweeny or Poll Evil.
One 50 cent to a dollar bottle will cure all cases of Galls, Chafes, Fresh Cuts and Lameness.

A beneficial effect is always experienced from the first application and a perfect cure is warranted when used according to directions.

☞ *Cure of Salt Rheum of Ten Years Standing.*—A lady residing near Lynn, Osage Co., Mo., had the Salt Rheum on her head during the last 10 years, causing pain and torment. Six weeks ago it assumed a very dangerous character, spreading all over her head and face in the most frightful manner, so much so that her life was despaired of. She tried every remedy her doctor could prescribe but all to no effect. One of her neighbors recommended the Mustang Liniment as the last resort. Accordingly a bottle was procured and used as directed; the result was an immediate relief, and an entire cure in four weeks after commencing the use of the Liniment. Here are her own words to us a few days since:

"I never expected to see so many pleasant and happy days as I have since I used your renowned Mustang Liniment. If the prayers of an afflicted woman can benefit you, then I freely bestow mine. I used about four bottles of your Liniment and am now as well as I could wish for."

A Cure of a Severe Scald.—Eight days ago, an engineer working in a foundry in the upper end of the city, through some mishaps, got his hands and face badly scalded, so much so that the skin came entirely off. He suffered the greatest pain until the wounds were dressed with the Mustang Liniment and wrapped up in cotton batting, which, as soon as done, the pain eased and the patient fell into as quiet and peaceful slumber!

We learned on yesterday that he is now well and attending to his business as usual! Such facts are worth remembering. The Mustang Liniment is warranted to cure any disease requiring an external application.

It is put up in bottles of three sizes, and retail at 25 cents 50 cents and $1 per bottle. The fifty cents and one dollar contain 50 and 100 per cent more Liniment in proportion to their cost, so that money is saved by buying the larger sizes.

THE LAND GRANTS.—We learn from Washington that the bill granting lands to Wisconsin for Valley Railroad purposes, was amended by the House Committee, so that if it passed that body, it would necessarily go back to the Senate. Its friends were very confident of putting it through on Wednesday, but, as the telegraph has announced no action was taken upon it.

The State Prison at Waupun.

We have been trying for 10 days past to make room for the Report of the Investigating Committee sent by the Legislature to Waupun, but have not hitherto succeeded, and even now must content ourselves with brief extracts from it, and very brief condensed statements of its figures:

The late Commissioner—Henry Brown's, accounts are audited and accepted, with the exception of an item for the services of Mr. Ryan in defending the suit with John Taylor, and a portion of the charge for mileage in going to Albany to examine the Penitentiary there--the committee stating that in their opinion the visit of two persons to eastern prisons was unauthorized and unnecessary. The debt of the prison is stated at $[illegible]77,50.

Sixty one convicts, five of whom are females, are in the prisons, there being but 60 cells.

"Five acres of land belonging to the prison are now enclosed, and compose the entire prison yard. The fence by which these grounds are enclosed can be considered as nothing more than temporary and affords a very unsafe and insecure protection against any general attempt of the prisoners to escape. This fence should as soon as practicable be superseded by a strong, substantial wall. There is convenient to the prison an abundance of excellent stone, for all the purposes for which they can be required.

The committee examined the rooms and cells and found them neat and comfortable as could be expected from the hasty manner in which the buildings were erected. The prisoners seemed to be well taken care of, and appeared cheerful and well disposed. Indeed your committee feel that the present commissioner and his assistants are entitled to much commendation for the discipline and good order that prevailed amongst the prisoners; especially when the disadvantages under which all new labor are considered."

The Committee recommend an enlargement of the plan of the south wing of the prison, and a modification of the contract (which has since been authorized by the Legislature) so that the building may be 200 feet long, and contain 230 cells. The contractor, Mr. Proudfit, agrees to take the stone out by the convicts, and the work already done, for $10,000, and to pay for convict labor at the rate of 62½ per day. The committee estimate the cost of the enlarged building at $50,000 to $53,000, and recommend its adoption. They also recommend an Artesian well, and the enclosure of the balance of the 20 acres of land with a common board fence, so that the vegetables necessary for the prison may be raised on the land by convict labor. They also recommend the purchase of a team of horses by the state, as they think the amount paid out for team work extravagant; but "after a careful investigation of the account, and obtaining all the information possible regarding it, the committee are unwilling to recommend the rejection of any part of it."—They think, however, that the commissioner should not henceforth be allowed to employ his own teams, since "although there may be no intention of wrong and no loss to the state, it exposes the motives of the Commissioner to suspicion. The report is signed by Senator Eldridge, and Messrs. Lees, West, and Thomas of the assembly.

A COMPROMISE MAN CAVING IN.--The editor of the Grant Co. *Herald*, one of those who believed in the finality of the Compromise of 1850, disgusted with the Nebraska project of Senator Douglas, now makes haste to get down from that platform, and expresses, in moving tones, his contrition for having submitted to be gulled by the managers of 1850. He says;

> Among those who went it blind for the Compromise of 1850, we acknowledge with shame, ourself among that number; and like Paul, we feel like persecuting all the gentile world that refuse to dance on our glorious Filmore, Clay, Webster & Co. Whig platform, Fugitive Slave Law and all. Yes, we defended the resolutions of the Democratic State Convention of 1849, "opposing the extension of Slavery into territory now free," and "opposing the admission of any new States into the Union, the constitution or laws of which create or sustain Slavery." In voice and thought we condemned Hon. Ben. C. Eastman's letter to his friends during his first canvass for Congress in which he professedly opposed the admission of Slavery into new Territories and States. Yes, even to our regret, we even condemned the vote of Hon. O. Cole, our member in Congress in 1850, when he voted against the Compromise of that year.

Now taking his illustration from old bishop Cranmer, he "recants his first recantation," and states that he is ready to stand by his old faith again. He closes his declaration by saying;

> We surrender, as the coon told Crockett, and start down off the Compromise platform. If others have a mind to hold on till it breaks down, they may do so, but we hereby jump off the infernal rotten superstructure, and if you ever catch us on another you may *kill old Jo.*

[The following review of the State Prison Committee's Report is [illegible] of a high pressure system, but as it contains several good suggestions, we make room for it with some difficulty.]

For the Sentinel.

DEMOCRACY IN THE STATE PRISON.

Messrs. Editors:

Your Reporter when on a visit at Waupun a short time ago, and while in a correspondence with the *Sentinel*, took occasion to comment upon the State Prison, at that village—its management --the condition of its inmates—the *inhuman silent system*, and the lack of any and everything, calculated to promote or produce the reformation of the convicts confined within it. Since that correspondence and those comments were published in the *Sentinel*, the legislature of our state have met and a committee has been sent to visit or inspect the State Prison. They have made that visit—have returned to the halls of legislation at Madison—have made their report of what they saw at Waupun—have "told their experience"—have recommended a larger wing than was originally intended to be built—a supply of good water in the yard to be obtained—a wall to be built in place of the board fence which is now round the prison yard, and which *they* consider insecure—the balance of the twenty acres belonging to the prison, to be enclosed with a *board* fence, so that vegetables may be raised upon it, (*that* board fence of course *will* be secure) and those convicts whose terms of imprisonment have nearly expired to be employed to cultivate them, which may be done with safety—and with a remark that although the last commissioner has acted honestly, and made fair charges for the use of *his* teams, the present one (who is one of the "Pets of democracy") ought *not* to employ his, as it may expose "the motives of the (Pet) commissioner to suspicion; these and the first part of the pamphlet which relates to the expenditures, &c. of the Prison, are all it contains; and here endeth the democratic report of the democratic committee.

When I first saw that a committee was to be sent to the State Prison to inspect it—I felt much elated. I had hoped that such a course would be adopted, and looked with anxiety for their report —hoping it might contain something calculated to promote the reformation or to improve the condition of those unfortunate convicts within it.—But in that report I, as well as a great number besides, have been totally disappointed.

Their report shows, that the committee went there with eyes, single to "dollars and dimes"—no particle of sympathy for those 60 human beings, has been emitted from their hearts—not a solitary word does that report contain, urging the religious or moral instruction of any of them—not a breath of human kindness is shown in one passage of that report—not one suggestion is made as to how the bad men there might be made better, and thus prevent a repetition of crime by them—no recommendation or suggestion that for good behaviour through a term of imprisonment, the Governor should pardon them one day before its expiration, so as to restore them to the rights of citizenship, as an inducement to a reformed course of life—no humane suggestion that some of the convicts who are earning, or may earn, from $700 to $800 and even $1000 per year for the state, should have some of these earnings set apart for their use when released, or paid to their families during their incarceration, who have become paupers on a county for no fault of theirs; but for a father's or mother's crimes.

The whole report shows "dollars for deities" —hearts callous to the better instincts of nature —for none other could look upon those convicts without desiring their improvement—notwithstanding the "officers were a good set of fellows," and suggesting plans in their report for the same —eyes and ears, deaf and blind—"adder like," to the *silent* appeals of mute convicts—asking for a democratic hand, from a democratic committee, to be stretched to them—to try and reclaim them. They ask in vain—and as their backs were turned well might one of the convicts, bursting the bonds of *silence*, exclaim "God help your humanity; it's democratic; it's the will of the people, and we must *silently* bear it!

It may be asked what is the object of this communication! It is this: It is to write down if possible that feeling of apathy towards prisoners, which exists to such a fearful extent. It is with a view to improve the condition of the criminal—that he may be instructed, taught better, and be reclaimed; to awake public opinion to this matter, and this can only be done when sympathy is first excited for him. Christian sympathy led Pease of New York City to labor hard, with unremitting energy, and with a zeal, holy and sublime—to establish a "house of God," where a few months before and upon the very foundation upon which it was built, was the lurking place for the murderer—the thief and the vagabond. I know not how others feel, but for myself, I am sure, that, should it ever be my good fortune to meet that "Saviour in human form" in the dens of the "Five Points" and the "Old Brewry" I should be strongly inclined to take off my hat and bow with reverence to the humane man who had effected so much good for his unfortunate fellow creatures.

Shortly after I got back from Waupun, a gentleman in Milwaukee remarked to me, "that he was sorry to see that kindness was shown and sympathy felt for the convicts in the prison.—"Why sir, said he (and here the gentleman became eloquent) they were put there to be *punished!* because they couldn't be trusted when out, *they deserve neither sympathy nor kindness*, and it ought *not* to be shown to them." This was on Friday? on the Sunday following I happened to sit near the gentleman in church, and to one of those beautiful prayers in the litany where the Almighty is asked to show *His* "pity upon all prisoners and captives" the gentleman responded audibly—though perhaps mechanically—"*We beseech thee to hear us, good Lord.*" Strange paradox! I felt at the time that the gentleman alluded to—and whose name I have witheld, from motives of respect towards him—had *he* ever seen the State Prison as I had, he would often repeat the prayer and its response, but never again make the remark he had done.

I have before me while writing, innumerable extracts from speeches, Governor's Messages, State Prison Reports, &c. &c. both from the Eastern States and many from the other side of the Atlantic—from Great Britain, whose *created* convicts have saturated the whole civilized globe with crime—enough in all to fill a wheel barrow, but in none of them, no not one, can I find any thing so lacking, so entirely deficient of everything that is humane, good, or Christian like, as the Report of the learned democratic committee, after a tour to Waupun. I have nothing to fear, nothing to expect, from any member of that committee; have no acquaintance with any of them, and write independently and against their Report, not them? that is before the public, it is public property, and is liable to criticism. If the Legislature sent men on that committee incompetent to the task, it is their fault. The public, from that report, are likely to be deceived as to the Prison, and its effect upon prisoners. It is conducted not upon principles of humanity, not of Christianity—but is meant to make, or calculated to make, a profit out of the labor of the convict—to get *blood money* for the public treasury—not to prevent more crime, it is calculated to increase it—it is an enclosure wherein all the worst feelings of the convicts are nourished by the plan adopted there—hatred and revenge are cultivated —remorse of conscience and sorrow for past crime are not encouraged—the chances are a thousand to one, that the youthful convict, a novice on crime, who may be so unfortunate as to be sent there—will come out *a man* ready to wage war against the property or lives of his fellow creatures. It is a blot on humanity, it stands a beacon of horror on as fair a spot of land as there is [illegible]

Valley Rail Road.

The following is the bill which has passed the Senate and is now pending in the House of Representatives:—

A BILL

Granting a portion of the public lands to the State of Wisconsin to aid in the construction of a railroad and branch road in said State.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

That there be, and is hereby granted to the State of Wisconsin, for the purpose of aiding in the construction of a railroad from near the southern boundary of said State, east of range thirteen, by way of Janesville, in Rock county, and Fond du Lac on Lake Winnebago, to such point on Lake Superior as may be designated, under authority of said State, and for the construction of a branch railroad from Janesville, by way of Madison, to St. Croix river, near the falls thereof in said State, every alternate section of land designated by odd numbers, for six sections in width on each side of said road and branch road; but in case it shall appear that the United States have, when the line or route of said road and branch are definitely fixed by the authority aforesaid, sold any section or any part thereof granted as aforesaid, or that the right of preemption has attached to the same, then it shall be lawful for any agent or agents to be appointed by the Governor of said State to select, subject to the approval of the Secretary of the Interior, from the lands of the United States nearest to the tier of sections above specified, so much land, in alternate sections, or parts of sections, as shall be equal to such lands as the United States have sold or otherwise appropriated, or to which the right of pre-emption has attached as aforesaid; which lands (thus selected in lieu of those sold, and to which pre-emption has attached as aforesaid, together with the sections and parts of sections designated by odd numbers as aforesaid, and appropriated as aforesaid) shall be held by the State of Wisconsin for the use and purpose aforesaid: Provided, That the lands to be so located shall in no case be further than fifteen miles from the line of the road or branch in each case, and selected for and on account of each of said roads: Provided further, That that the lands hereby granted shall be exclusively applied in the construction of that road for which it was granted and selected, and shall be disposed of only as the work progresses, and the same shall be applied to no other purpose whatsoever: And provided further, That any and all lands reserved to the United States by any act of Congress for the purpose of aiding in any object of internal improvement, be, and the same are hereby reserved to the United States from the operation of this act, except so far as it may be found necessary to locate the route of said railroad and branch road through such reserved lands, in which case the right of way only shall be granted subject to the approval of the President of the United States.

SEC. 2. *And be it further enacted*, That the sections and parts of sections of land which, by such grant, shall remain to the United States, within six miles on each side of said road and branch road, shall not be sold for less than double the minimum price of public lands when sold; nor shall any of said lands become subject to private entry until the same have been first offered at public sale at the increased price.

SEC. 3. *And be it further enacted*, That the said lands hereby granted to the said State shall be subject to the disposal of the legislature thereof, for the purposes aforesaid, and no other; and the said railroad and branch shall be and remain public highways for the use of the government of the United States, free from toll or other charges upon the transportation of any property or troops of the United States.

SEC. 4. *And be it further enacted*, That the lands hereby granted to said State shall be disposed of by said State only in manner following, that is to say: that a quantity of land, not exceeding one hundred and twenty sections, and included within a continuous length of twenty miles of said road or branch, may be sold; and when the Governor of said State shall certify to the Secretary of the Interior that any twenty continuous miles of said road or branch is completed, then another like quantity of land hereby granted may be sold; and so from time to time, until said road and branch are completed; and if said road or branch road is not completed within ten years, no further sales shall be made, and the land unsold shall revert to the United States.

SEC. 5. *And be it further enacted*, That the United States mail shall be transported over said railroad and branch road, under the direction of the Post Office Department at such price as Congress may by law direct: Provided, That until such price is fixed by law the Postmaster General shall have the power to determine the same

"SPIRITUALISM."—A lecture delivered in the 1st Baptist Church, Milwaukee, Feb. 12 '54, by the pastor, Rev. ROBERT A. FYFE.—Sentinel Press.

The pastor of the Baptist church has conferred a favor upon the community by consenting to the publication of this admirable discouse. It is a plain, clear, and very full review of the pretensions of the *rappists* to dignify their fooleries with the name of a science, and to impose upon the credulous. Mr. Fyfe gives all due credit to such manifestations as have been established to the satisfaction of sane men, of a natural agency at work in the world, not yet understood, as electricity in years gone by was not understood; and thinks that the performances exhibited, so far as they are not sheer humbug and imposition, are due to the principle, analogous to magnetism, electricity, light, and heat, to which Reichenbach, after numerous experiments upon the subject, has given the name of *odyle*. Mr. Fyfe's discussion of the religious bearing of the subject is interesting and forcible.

"INDUSTRIAL RESOURCES OF WISCONSIN," pages 109 to 144. By JOHN GREGORY, Civil Engineer, &c.—The number of this serial publication now before us is devoted exclusively to agriculture, in its various departments, and contains a great deal of valuable information as to the soils and productions of our state. As this work progresses, it becomes more and more valuable, and when complete will constitute a book which no citizen of Wisconsin who desires to obtain a correct knowledge of the resources of his state will desire to dispense with.

NO POLICE JUSTICE TO BE ELECTED.—We have received the following note from Mr. WALWORTH:

Milwaukee, March 3d, '54.

Editors Sentinel:

In your paper of this morning, in noticing the coming election, you state that a Police Justice is to be elected. This is an error, as you will perceive by reference to "An Act to establish a "code of procedure for the Police Court of the "city of Milwaukee," approved March 17, 1853, which says:

"Sec. 1. The term of office of the Police Jus- "tice shall be TWO YEARS." I was elected and qualified last year; therefore, my term of office will not expire until next spring. By referring to the official notice of the city clerk, you will perceive that an election of Police Justice is not ordered by the Common Council.

Yours, &c.
C. WALWORTH.

LAND GRANTS IN THE U. S. SENATE.—A report from Washington, giving the Senate proceedings of Feb. 27th, includes the paragraphs:

> The bill granting land to Louisiana for a railroad from Shreveport to the Mississippi river was passed.
>
> The bill granting land to Wisconsin for a railroad from Madison to the Mississippi river was passed.
>
> The bill granting land to Louisiana and Mississippi for construction a railroad, and to Iowa, California, and Florida, was brought up.

We are not advised as to what road in Wisconsin the above bill alludes to. The telegraph keeps so far in advance of the mails that it is difficult to follow up with particulars of bills referred to in the former. The Senate seems disposed to go the whole figure as to land grants.

SHEB. & MISS. RAILROAD.—SKIES BRIGHT!—The company that have held the charter of this road for the last year, manifest a disposition to return it to our citizens. A meeting of stockholders will be held at Greenbush on the 5th of April next, at which it is expected a new set of Directors will be chosen, composed of men living upon the line of the road, and who are directly interested in the building of it. We congratulate the people of this City, Fond du Lac, Oshkosh and Ripon upon the bright prospect.

It will be determined on the 5th of April next, whether we shall have a Railroad from Sheboygan to Fort Winnebago. Let our citizens see to it that it is determined the right way.—*Sheboygan Journal.*

☞ We copy and unite with the *Wisconsin* in the sentiments expressed by that paper in the following notice of the death of Mr. BADGELY. Though young, he was an older citizen than most of us; though modest and unassuming, he yet managed with careful skill and great success one of the heaviest business establishments of our city. Never noisy or obtruding his opinions upon others, his advice was often sought for and heeded as a member of the Board of Trade. He leaves behind him a name for probity and honor which our young merchants will find their interest, and their comfort, in imitating:

Death of P. W. Badgely.

With pain, we are called upon to-day, to record the death of one of the most estimable and enterprising citizen of Milwaukee. P. W. BADGLEY, a well known merchant of this city, died yesterday afternoon, from the rapid inroads of quick consumption. He had made preparations to leave on Monday for a warmer clime, but death has suddenly arrested all the care of the most devoted friends.

Mr. BADGLEY, though a young man, barely 32 years old, had, by his force of character, his sagacity and sound judgment built up one of the largest establishments in the North-west.—His transactions were co-extensive with the State, and his dealings were known by that prudence and sagacity which marks the clear-headed and successful merchant. Mr. Badgley was not only eminent as a business man, but his relations in private life were distinguished by that fidelity and scrupulous integrity which rendered him a truly useful citizen. We may therefore regret the death of such a man—as a loss to the community.

Milwaukee has had during the past few years cause to mourn the loss of some of her best citizens. Bradford, Burton, and Badgley, cut down in the prime of life and vigor of their usefulness, were men whose places are not easily supplied, yet they leave to those who are to fill their places an example of what industry, fidelity, integrity and well directed enterprise will accomplish in not only securing a competence, but that good name which is the most precious of all earthly heritages, for it is not inaptly said that

> A GOOD NAME is rather to be chosen than great riches."

The services connected with the funeral of Mr. Badgely will be performed at Plymouth Church on Sabbath afternoon, at 2 o'clock. The remains will leave his late residence on Jefferson st., for the church, at ¼ before 2.

LEGISLATIVE MATTERS.

Our Madison letter of Wednesday failed to reach us night before last, and we avail ourselves of the *Journal's* report for the purpose of bringing up the record.

In Assembly, Mr. Morrison, of Jefferson Co, introduced a bill creating the 9th judicial Circuit, from parts of the 1st and 2d. (The names of the counties are not given.)

There was a long discussion upon the joint Resolution from the Senate providing for an investigation into the manner in which the act extending the jurisdiction of the Dane County Court was changed, as published, and made entirely different from the act as passed by the Legislature.

Messrs. Donaldson and Hull opposed it as disrespectful to the House, and a reflection upon its officers and enrolling committee, as well as being inconsistent with its proper dignity. They insisted that the matter was beyond the reach of the House, and could only be remedied by an act of repeal. Mr. Remmington thought the House would be doing injustice to itself if it did not insist on such an investigation after the Senate had virtually charged it with some wrong or mistake. Mr. Orton cared nothing for mere Parliamentary etiquette, and only wished for a full investigation. He moved to amend the resolution by directing a further investigation as to whether the interlineation of the word "*not*" in the first section of the bill was not made after its introduction into the Assembly. It was due to himself to say that the word "*not*" was not thus inserted by him, and that he would take his oath the interlineation was made after the introduction of the bill. Mr. Knowlton was opposed to an investigation which could not possibly lead to anything and would consume time and money. If any proceedings were had, let those suspected of wrong be impeached. Mr. Noggle spoke at some length in favor of an investigation, and of its necessity to clear the House from any imputation. The bill as published was entirely different from the one before the House. If some other department, or the mistake or fraud of some clerk or other person, had power to entirely change the nature of laws passed by the Legislature, it had better adjourn and the members go home as speedily as possible. There was some sharp-shooting between Messrs. Orton and Noggle, which had no particular bearing upon the matter before the House. Mr. O's amendment was adopted, and after some further debate the resolution was adopted, all the members present voting for it, except Messrs. Donaldson, Hull, Knowlton, M. J. Thomas, Torbert, and Horn.

The vote killing the bill providing against taking *illegal fees*, was reconsidered.

A bill passed, carelessly, read by its title, under suspension of the rules, repealing the charter of the Wisconsin Central Railroad. It had been got into the Senate before its nature was discovered, and then a resolution was offered to call it back, but the House adjourned without acting upon the resolution. The repeal of the charter would be only justice to the Lake Shore towns, but we don't admire that kind of legislation.

The resolution recalling this bill was again taken up on Thursday, debated, but no vote taken, and the subject thus went over to the non-debateable days.

THE GERMANS AGAINST SPEAKER HORN.—The Wisconsin *Democrat*, a German paper at Manitowoc, has an article in reference to Speaker Horn's, conduct on the Nebraska resolutions. A correspondent sends us the following translation of the last paragraph of the article:

> HORN is a German, and comes out openly as the advocate of Slavery, giving full permission to the slaveholders to take their slaves into all our Territories.
>
> This man Horn, illfamed as hunker, office seeker and egotist, has been formerly a Prussian *Corporal*, accustomed to military Prussian Despotism; he may therefore be very much in love with slavery; for he has, according to his Corporal's nature ever acted against the principles of Humanity, civilization and reasonable rights.
>
> We recommend him to all slaveholders in order to make him and his Corporal's stick applicable there for the lashing business.

A SPIRIT PERPLEXED.—*Medium.* All is now ready: what question do you wish to put?

Widow. Why, ma'am, I must explain that I gave to my dear departed one (he was many years younger than myself) two hundred pounds to pay off a claim; and now he's gone, they've had the audacity to apply again for the money! Pray, therefore, ask my dear Augustus what he did with the receipt?—*Diogenes.*

Merchants Mutual Ins. Company.

At a Special Meeting of the Board of Trustees of the Merchants Mutual Insurance Company, called by request of the President of said Company, the following Preamble and Resolutions were passed:

Whereas, It has pleased Almighty God in His inscrutable Providence to remove by the hand of death, one of our most esteemed associates, in the usefulness of his days, it becomes us as the surviving members of the Board—while acknowledging in the stroke, our Father's hand, who wounds but to heal—to express our deep sense of the calamity which has befallen us and this community. Therefore—

Resolved, That in the sudden and lamented death of P. W. Badgley, Esq., the Board has sustained the loss of an active, intelligent and useful member—his family, that of a devoted husband and father—and the community, that of an upright, energetic and useful citizen.

Resolved, That we tender our most heartfelt sympathy to the immediate relations of the deceased, in this heavy hour of their affliction, and unite our supplications with theirs to the Almighty Ruler of the Universe, that he will bind up their wounds and pour balm into their bleeding hearts.

Resolved, That in testimony of our Respect for the memory of our deceased associate, we will in a Body attend his funeral and wear the customary badge of mourning for thirty days.

Resolved, That a copy of the foregoing Resolutions be transmitted to the family of the deceased, and published in the several city papers

The Board then adjourned.

CIRCUIT COURT--March 3.

JUDGE HUBBELL PRESIDING.

State of Wisconsin, vs. Henry Kessel, sued for Larceny, in a dwelling house on 23d of November, 1853, and stealing a twenty dollar gold piece from Charles Beussac. Plea not guilty.

The substance of the complainant's testimony, was that defendant and himself were intimate friends and boarded at the Rail Road House kept by Mr. Bertschey, and both slept in one room; that on the night before the complainant lost his money, and before going to bed complainant put the $20 gold piece in his pocket book in presence and in view of defendant; next day at noon in wanting some change to pay for a glass of beer, missed his $20 from his pocket book.

Wm. Beck, deputy sheriff, testified that he went to the bedroom and searched it, but found no money; under the bed he found an old pair of pants belonging to the defendant; in the pocket were two keys which Mr. Bertschey said belonged to two of his rooms. He then went to the Foundry, where defendant worked, and searched his pockets, and found 2 or 3 dollars in paper money; he said that was all the money he had; took him to Bertschey's and made him strip, and found this gold piece in one of his stockings.

Defendant didn't speak for a minute, he then said "I didn't steal it: I found it," and told different stories about finding it; witness then took him to jail.

Mr. Bertschey was called as a witness but nothing particular was elicited except that defendant was indignant, and said that "it would destroy his character from having lived in his house and being charged with stealing."

It was admitted by the district attorney that up to this time, the defendant had borne a good character and that it could be proved by witnesses. It was stated that the admission of character made to save time and expense. It was also shown that the complainant and defendant were on terms of intimacy. Defendant's counsel contended that the taking of the money was a joke &c., and after a somewhat lengthy argument requested the court to charge the Jury as follows; The court then charged.

1st. The possession of the money by the defendant, is a matter which may be explained consistently with his innocence; and if attending circumstances, connected with the taking and possession of the money, are such as to raise a reasonable doubt, that it was taken *feloniously*, the jury should acquit.

2d. The substance of the charge consists on the *criminal intent*; and in settling this point the jury should consider all the facts and circumstances elicited—the intimacy of the defendant with the prosecutor, his habits and character as established on the trial.

The jury retired in custody of the officer, and in four *minutes* returned into court with a verdict of "*Guilty.*"

An error occurred in the Circuit Court Report of Thursday. The man Shobert, arranged for Perjury, pleaded *guilty* instead of *not guilty* as we reported.

DRUNK AGAIN.—The man named *Barker*, from Racine, who was taken to jail a few days since for being found drunk in the gutter, was found again in the same condition on Thursday night, and again taken to jail by officers Connover and Beck.

DEFENDANT'S WITNESS FEES IN CRIMINAL CASES.—On Thursday Judge Hubbell, of the circuit court, decided, that an officer was entitled to full *fees* for the service of a subpoena on the part of the defendant in a criminal suit, and also that the defendant's witnesses were entitled to the same fees as the witnesses for the State.

LOCOMOTIVES.—The locomotive just completed at the Menomonee Works has been sold to the Mil. & Miss. R. R. Co. It has 14 inch cylinders, 20 inch stroke, outside connection, 4½ ft. driving wheels. Two others have been contracted for by the La Crosse Co., to be delivered in June and July, of about the same dimensions, at $10,000 each.

RAILROAD FURNISHING.—The attention of Railroad men is invited to the advertisement of Mr. E. R. T. ARMSTRONG, 18 Dearbourn St., Chicago.

UNITED STATES COURT.

JUDGE MILLER, PRESIDING,

March 3, 1854,

The Commercial Insurance Company vs. The Schooner Congress, her cargo and freight.—In Admiralty. Lynde and Emmons for Libellant. Brown, Randall, Downer and Newhall for Respondents.

The hearing of this case was commenced, and not being concluded was adjourned until Monday next, at 10 o'clock A. M. This is a case of considerable importance, being for a general average claim of this libellant against this vessel and her cargo and freight.

In December last this vessel was run ashore at the Manitou islands, and this Insurance Company having issued policies of insurance on the rail road iron and other portions of the cargo on board, chartered a propeller at a heavy expense, which proceeded to the vessel and brought her and cargo to Milwaukee. The amount of the demand and the interests involved unite in making this a case of importance.

HIGH WIND.—The wind yesterday was the most boisterous that we have had for many a day. People who were obliged to be out of doors had to keep their top-sails close-reefed, or they stood a fair chance to lose all of their rigging.

SECOND WARD DEMOCRATIC TICKET.—The following is the ticket nominated on Thursday evening;

Alderman, 2 years........F. Schloemilch.
Alderman, 1 year........Charles Geisberg.
Justice ....Charles F. Bode.
Assessor ....B. Church.
R. R. Commissioner......Herman Haertel.
Constable ....G. Fischer.

The Second seems to have done pretty well for itself.

DECLINED.—M. J. SERCOMB, nominated by the democracy for Railroad Commissioner in the 4th ward, declines to run.

The Sentinel recommends the re-election of Mayor Walker, Controller Comstock, Treasurer Johnston, Attorney Stark, Marshal O'Brien, and Police-Justice Walworth.—*Free Democrat.*

Not exactly. We only invited the people to look on at the Convention which is to be held to-day, and see whether any better men are nominated. The people probably do not wish any change unless it is for the better.

A Card of Thanks.

Editors Sentinel:

Allow me through your paper to express my thanks to Mr. J. S. BOISE, general Insurance Agent and to the companies represented by him in which I was insured, for the very prompt and liberal manner in which my loss was adjusted and paid. The loss occurred at the late fire on Spring street, Feb. 14th and was paid the same day I presented my claim and papers at the office in this city.

I recommend Mr. Boise to the confidence and patronage of the Insuring public, and to my German friends in particular, who will ever find him ready to assist in adjusting losses whom they occur under his policies, and whom his services are most needed; at least I have been induced to believe thus from his treatment to me.

I would again say to those wanting Insurance call at Mr. Boise' office, corner of East Water and Huron Streets, in Furlongs Block, first door at the head of the stairs.

HERMAN BELLAK.

ASYLUMS FOR THE INSANE.—The following report shows that there is a probability of the passage of a bill making literal provision to the states for the erection and maintenance of Insane Asylums:

> Washington, Feb. 28.
>
> SENATE.—The bill for granting land to all the States for the benefit of the indigent insane was taken up and amended so as to give each State 100,000 acres leaving the other 6,900,000 acres to them according to the population and square miles. Bill ordered engrossed.

CASUALTIES TO SHIPPING.—During the 4 years ending in 1853, 12,363 casualtions to shipping were reported at Lloyd's in London. Of this number, no less than 4000 vessels were totally lost, and, in addition, 205 *sailed and have never been heard of since!*

☞ The murderers of Mr. Story at Lasalle, Illinois, were to have their trial this week, in the Kane Co. Circuit Court.

☞ The following stirring call appears in both the *Herald* and *Freeman* at Fond du Lac.

> **Nebraska Bill!**
>
> **Action! Action! Action!**
>
> We, the undersigned, citizens of Fond du Lac County, cordially invite the citizens of this County, to meet in Darling's Hall, in the city of Fond du Lac, on Thursday at 1 o'clock P. M., March 9th, for the free discussion of the Nebraska Bill, now pending in the Congress of the Union. We are desirous that the true sentiments of the people be understood by those who represent us.
>
> By that Bill the original policy of the government, which was to prevent the introduction of slavery into the Territories, is sought to be overthrown, and the doctrine established that the claim of property in man, is as valid under this government, as the claim to any property whatever.
>
> In view of this monstrous assumption we invite the members of all parties to meet in council, to consider this question, and forward their views to those who speak for us in the Congress of the United States. Come men of all parties, and shades of opinion.—The platform shall be free as the spirit of Liberty. Come from your workshops, and your farms. Come from your studies and your cares. Bring your wives, sons and daughters, that we may take counsel to ether.

NEBRASKA MEETING AT ROSENDALE.—A Meeting of the Citizens of Rosendale and vicinity was held at the School house near Rosendale corners, on Wednesday 22nd inst. for the purpose of giving an appropriate expression against the bill now pending before our National Legislature, as presented by Stephen A. Douglas, and known as the Nebraska Bill.

The Meeting was called to order by A. L. Kibbey Esq. and on motion, Hon. Bertine Pinkney was chosen President and Joseph Scribner Jr., Secretary.—*Fond du Lac Herald.*

Strong resolutions were passed against the Douglas iniquity. The people are moving in earnest everywhere.

THEY TREMBLE ALREADY!—The indignant voice of the people has scarcely begun to reach the ears of the plotters at Washington, and yet they are trembling in their shoes. The N. Y. *Herald*, of the 25th, says:

> Rumors are afloat that there are signs of a change in the feelings of the President and his Cabinet on this question, and that it is probable the leading organ will soon deny, by authority, that the bill is an administration measure.

THE DAILY SENTINEL.

Interesting from China.

(From the Portland Advertiser, Feb. 24.)

Letters have been received in this city by a friend of one of the officers, which we have been kindly allowed to look at, which state that the following was the disposition of Com. Perry's Japan squadron on the 10th of December, the day the overland mail left Hong Kong.

United States steam frigates Susquehannah and Powhatan, and ships of war Macedonian and Plymouth at Hong Kong; steam frigate Mississippi and steamship Supply at Macao; sloop of war Vandalia, and storeship Southampton at Loo Choo; and sloop of war Saratoga at Shanghae.—The Commodore purchased a small English steamer, the Queen, to lie before, and for the protection of the American factories at Canton, and the American schooner Brenda to protect American residents at Amoy. One of the ships, probably the Plymouth, will be stationed at Shanghae when the squadron moves North in the spring.—Lieutenant Taylor, of the Mississippi, has been ordered to command The Queen. The steam vessels have all been fully coaled, and all the ships are ordered to hold themselves in constant readiness and full provisioned for a six months cruise.

It is thought the Commodore will make an early start for Loo Choo, and after some exercise and drill proceed to Japan, in March or April.—The storeship Lexington is said to have arrived at Manila Bay, in the Straits of Macassar, and was daily expected at Macao. As she brings out the railroad and other presents for the Emperor of Japan, her arrival had been anxiously expected.

Col. Marshall was at Macao, awaiting his successor. The report was that the Emperor of Japan, the "Mecco," or spiritual Emperor, was dead. Ringgold's exploring squadron was also expected to join in season to sail with Perry's squadron for Jeddo. The Governor of Hong Kong and the English Admiral have orders from their Government to facilitate by every means in their power a successful result to Com. Perry's mission. The French commodore is reported to have similar orders. The Russian Admiral was at Shanghae with his squadron, having recently returned from Nangasaki. The prospect of the war with Turkey involving England and France against Russia was very annoying to him, situated as he was, so far from home, and with a force so inferior to those Powers in these seas. The United States squadron is the largest in China, both in number of vessels, tonnage, and weight and force of metal. Several vessels would return to the United States after the visit to Japan.

The Susquehannah and Saratoga have been more than three years in commission, and the entire crews are on one quarter extra pay as a consequence. And the Plymouth has been out nearly as long; her cruise will have extended beyond the usual three years before she can be put out of commission. Of course there will be no occasion to keep the storeships out when the squadron is reduced and the Japan business is settled. Com. Perry has had the cabin of the Susquehannah splendidly fitted with silk, damask and gold, it was said for the reception of the Japan dignitaries. Having landed to present the President's letter, it is asserted to be his intention to insist upon the Emperor's reply being brought on board to him.

To a Mourning Mother.

Your child is gone; no more shall your ear be charmed by the music of that infant voice. He was your youngest; and before he had become familiar with the dark ways of the world in which all is not as when turned from the Creator's hand—while yet his voice went forth in childish glee and love to all—while every tone was yet sweet to your ear, and before by any sinful act his presence brought a pang to your heart—his Heavenly Father called him to come up higher. "It is well" that you should weep on the grave of your youngest. Yet remember your child is but a few steps before, led by the hand of the Most High, to lure you on to heaven.

One Sunday morning I found a humming bird unable to escape through the open window by which it had entered my room. To aid its flight, I caught it, and as this was my first opportunity of examining closely one of those tiny creatures, I held it a few moments for that purpose. After satisfying our curiosity, and pained by its cries of fear, we concluded to let it go. It was raised on the hand; but instead of securing its liberty the moment the fingers were unclasped, it lay as if not realizing it was indeed free to fly. There, panting from exertion, glittering in all the brightness that could fix the gaze, it lay on the hand, resting for flight; then on wings of music, up, up, and away it sped towards heaven in the glad sunlight of that Sabbath morning.

One minute we stood looking and listening, till the hum of its wings was gone, and its gay colors lost in the light of the sun toward which it fled. What wonder we felt a momentary sadness as it left us? Yet could we wish it back? So it is with your boy. Though clad in robes of light, yet you cannot see him for the brightness of that heaven to which he has been called.—Although his voice has now a music it never had on earth, it reaches not your ear. You weep because he is gone, yet, remembering he is another treasure in heaven, can you wish him back?"

The resolutions are referred to a committee where they will, in the classic language of the *News* "stay put." The chairman of the committee is an applicant for the office of Secretary of Nebraska, and the resolutions may be considered as defeated They are defeated just where, and in just the manner, we wished to see it done if at all. Democracy is responsible.—*Madison Journal.*

The Milwaukee News says, that every "Cass and Butter" paper will support Douglas' bill. Don't it mean "Bread and Butter" paper.—*Kenosha Telegraph.*

AN ACT Concerning School Districts.

[*Published February 28, 1854.*]

The People of the State of Wisconsin, Represented in Senate and Assembly, do enact as follows:

Sec. 1. All taxes heretofore voted by any school district, pursuant to the provisions of chapter 19 of the Revised Statutes, or of the act approved March 29th, 1853, entitled "An Act to amend chapter nineteen of the Revised Statutes of this State," are hereby declared legal for all purposes; and at any time within three months after this act shall take effect, any warrant heretofore issued for the collection of any such tax to the district treasurer may be renewed for thirty days, and may thereafter be again renewed, with the consent of the proper town superintendent; or the district clerk may issue a new warrant and tax list for the collection thereof in cases where a warrant may have already been issued therefor, either to the district treasurer or town treasurer, on which the taxes have not been fully collected, and in cases where no warrant has been issued; and at any time within three months after this act shall take effect, it shall be lawful for any school district, at any special meeting legally called, to vote a tax for any purpose authorized by law; and the same proceedings shall be had upon all such warrants and to collect all such taxes mentioned in this section as are provided in said chapter nineteen, which for that purpose is hereby revived and declared to be in full force as the same was at the date aforesaid, any law to the contrary notwithstanding. The tax list in every such case shall be based upon, and as far as practicable correspond with the assessment roll or rolls of the town or towns in which the district lies, and which were equalized last and next prior to the time when the original warrant for the collection of such tax was issued, or shall be issued.

§ 2. In all cases where a warrant for the collection of any such tax as is mentioned in the preceding section has been issued, and any person or persons shall have paid, or shall have had collected from his, her or their property the whole or any portion of the tax therein appearing as assessed against him, her, or them, or upon any property belonging to such person or persons, the amount so paid or collected shall be credited to him, her or them, by the treasurer of the school district upon being requested by such person or persons, and upon the production of proper evidence of such payment. The affidavit or receipt of a former treasurer or personal knowledge of the acting treasurer, of such payment, shall be good evidence under the provisions of this section. A credit made upon request as herein before provided, shall operate as and is hereby declared to be a perpetual bar to any and all actions heretofore or which may hereafter be commenced by the person or persons thus credited, and the same may be pleaded *puis darien* continuance or otherwise, as the case may require; and the same may be pleaded singly, or with any other proper plea to such action or actions.

§ 3. Hereafter, the clerk of each school district shall on or before the last Monday of November in each year, deliver to the town clerk of the town in which the district is situated a certificate, verified by his affidavit, showing the amount of the tax voted at the last preceding annual meeting, and a list of all persons and corporations liable to a school district tax therein; or in case of a joint district, he shall deliver to the town clerk of each town in which any part of the district is situated a certificate so verified, showing the proportion of the tax to be assessed in that part of the district within such town, and the persons and corporations liable to a school district tax in that part of the district, which proportions shall be ascertained from the valuation contained in the last assessment rolls of the respective towns; and to enable the district clerk to ascertain the same, the town clerk of each such town shall on demand, at any time after he has received the equalized assessment roll of his town deliver to the district clerk of any such joint district, a certified statement of the valuation of real and personal property in that part of such district lying within his town, as the same appears from said assessment roll.

§ 4. The town clerk shall assess such tax, or the due proportion thereof, upon the real and personal property liable thereto, placing the same in a separate column in the next assessment roll of his town, delivered to the town treasurer for collection whenever such certificate of the district clerk shall be received by him in time therefor, although after the last Monday of November. And if for any reason such tax shall not be assessed in the next assessment roll after the tax is voted, it shall be assessed in that of the next succeeding year. The tax shall, in all respects, be collected or returned delinquent like other taxes, and when collected, the money shall be paid over to the town superintendent and by him to the district treasurer, like other school monies.

§ 5. After three months from the passage of this act, the town clerk shall not be required to make out transcripts of the assessment roll for school districts; and sections two, three and four of the act entitled "An act to amend chapter nineteen of the Revised Statutes of this State," approved March 29, 1853, are hereby repealed.

§ 6. This act shall be published in the Weekly Argus & Democrat, printed at Madison, immediately after its passage, and shall thereupon take effect. The Secretary of State shall also forthwith cause it to be published in each weekly newspaper printed in this state, and shall audit the accounts therefor as provided in chapter one hundred and four of the general statutes of 1853.

F. W. HORN,
Speaker of the Assembly.
J. T. LEWIS,

City Auction Room. March 1st, 1854.

SPRING COMES IN UPON US THIS MORNING, and no doubt we all hail it with pleasure. Yet we have no complaint to make of the winter that has just passed, for we have all enjoyed health and prosperity; but new ideas, and new designs, and new promises always follow with the fresh breezes of Spring. We are now ready to enter upon our duties with delight, and forget and forgive the past, and in view of it all, I would remind my old and new acquaintances that I continue in the

General Auction and Commission Business,

at the old stand, No. 148 East Water Street, (where I have been for years,) ready to attend to all business of every character and description, which may be given in my charge.

I have been engaged for a long time in said Auction Business and have endeavored to do right, yet in many instances, I may have erred. My arrangements for the present year will be somewhat different. I design to finish off the Second Story, with a Stairway from the Front, for a

REAL ESTATE ROOM,

where a Register will be kept of all the Real Estate which may be left with me for sale, and their prices. The Lower Room will be appropriated to the General Auction and Commission Business in all its various branches, and at as low a rate as it possibly can be done. As for Promptness, I presume no one can complain. As for References, you can select any one in our City.

I now call your attention to the Valuable Real Estate, which is left with me for sale:

Lot 1	Block	53,	Fifth Ward.
" 7	"	47,	" "
" 1 and 2	Block	68,	" "
" 7 and 8	"	6,	" "

" 12	"	84,	" "
" 11 and 12	"	46,	Third Ward.
" 1 and 2	"	80,	" "
" 1 and 2	"	83,	" "
" 6	"	111,	" "

Lots 13, 14, 15 and 16, Block 92, First, Ward, the most beautiful Lots in our City for Residences; street all graded.

Also several other improved Lots in First Ward, at from $1,000 to $6,000.

Also, I would call your attention to Lot 4, Block 87, Fourth Ward, on the River.

Also, middle ½ of Lot 9 Block 6, Water street, 3d Ward.

I would also call your attention to a very superior Farm, 1 mile from the town of Delafield, Waukesha County, containing Two Hundred Acres, with a Brick House, Barn, Orchard, &c, which will be sold very cheap for Cash. The owner is going to California.

PROSPECTUS OF Thos. H. Benton's Great Work.

THIRTY YEAR'S VIEW, of the workings of the American Government. Published by D. APPLETON & Co., New York, and sold exclusively by subscription.

During the last thirty years there has been no important public measure in which this active and distinguished statesman has not taken an able and decisive part, and been familiar with the influences, whether secret or public, which have urged forward or opposed each. He is therefore well qualified to write the history of this period.

This work will be completed in two volumes, the first of which will be published early in the year 1854, and will be brought down to the close of the administration of Gen. Jackson, and will thus form a complete work by itself, containing about 700 double column, royal 8 vo. pages, and a superbly engraved portrait of Senator Benton.

Price $2,50, payable on delivery of the book.

The book of subscription, together with specimen sheets, can be found at the law office of Messrs. TUCKER & GARVEY; and the Agent will soon give an opportunity to persons desirous of subscribing to do so at their residences and places of business throughout the city and county. jan12

QUEEN'S PATENT PORTABLE FORGE AND BELLOWS.

THIS FORGE can be set where most convenient for light and room, and the smoke conducted to the Chimney by a Pipe.

There are six sizes of Blacksmiths, Coppersmiths, &c. Forges, and five sizes of Jewelers, Dentists and Chemists.

It is compact—the Twier Iron is of a superior construction—heats the iron in the quickest manner—the wind escapes from the hot-air chamber through several holes in the Twier cap, which being under the fire, prevents the Twier from getting filled up with coal and ashes, as it will where there is but one opening. For out-door work and for safety in-doors, this Forge has great advantages over others, having two Slides by which the Forge can be closely shut up, and for safety and many purposes in-doors, (particularly for Jewelers, Dentists and for chemical operations,) all the fumes from charcoal and acids being conducted through the smoke-pipe, or when open they are entirely out of the way; it is also so constructed that fire or water cannot injure the Bellows, which is in the cylinder under the fire bed.

It is the best Forge for Contractors on Railroads, Public Works, (for making repairs on the same,) and for emigration to new countries, ever offered to the public, and are successfully used by most of the Steamers and also by the U. S. Army and Navy.

NEW AND IMPROVED SEWING MACHINES.

THE AMERICAN

Magnetic Swing Machine Co.,

NOW OFFER FOR SALE AT THEIR ROOMS

397 Broadway, N. Y.,

By far the most perfect and valuable Sewing Machines that have yet been invented.

THE PUBLIC are respectfully invited to call at the rooms of the Company, and examine the operation of the most superior machine ever presented to their notice.

It is the result of three separate inventors, each of whom distinct in himself, claims originality. The first of whom is ELIAS HOWE, the first inventor of Sewing Machines, who introduced the shuttle movement, without which every machine is comparatively useless. The next was THOMPSON, who adapted the machine to certain portions of tailors' work, and Mr. COON, by means of the peculiar formation of the shuttle combined with other recent improvements of his own invention, has made a machine capable of doing any and all work that can be effected by means of the needle. The machine now offered for sale presents the following distinct and peculiar features:—

1st. It is extremely simple in its construction, and in no way liable to get out of order.

2d. The stitches are uniform, perfect, and present a beautiful appearance never before attained by any machine.

3d. The sewing done by this machine is *warranted* never to rip or ravel—a frequent cause of complaint heretofore from those owning machines of a different character.

4th. Any and all kinds of work can be done on our machine with unusual facility—silk, linen, cotton, or woolen fabrics and leather, each present the same beautiful appearance.

5th. By means of friction rollers the thread can be made tight or loose upon the cloth at the will of the operator.

6th. The length of the stitches can be graduated with mathematical exactness by the operator, from the fine and delicate stitch requisite in shirt making, linen bosoms, collars, ornamental work, etc., up to the coarsest stitch taken in sole leather, etc.

7th. The finest curvature can be worked, and beautiful designs of flowers, baskets of fruit, representations of beasts, birds, etc., can be as elegantly and elaborately worked by the aid of this machine as by the most skillful seamstress in existence.

The American Magnetic Sewing Machine Co.,

Have determined to sell the best Sewing Machine in existence, and have succeeded beyond their warmest anticipations. The speed of the machine is also a great feature that must secure the attention of the purchaser. It will take with ease

FIVE HUNDRED STITCHES PER MINUTE!

PATENT MEDICINES.

CHERRY PECTORAL,

FOR THE RAPID CURE OF

COUGHS, COLDS, HOARSENESS BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHAMA, AND CONSUMPTION.

This remedy is offered to the community with the confidence we feel in an article which seldom fails to realize the happiest effects that can be desired. So wide is the field of its usefulness and so numerous the cases of its cures, that almost every section of the country abounds in persons, publicly known, who have been restored from alarming and even desperate diseases of the lungs, by its use. When once tried, its superiority over every other medicine of its kind, is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs, which are incident to our climate.

Nothing has called louder for the earnest enquiry of medical men, than the alarming prevalence and fatality of consumptive complaints, nor has any one class of diseases had more of their investigation and care. But as yet no adequate remedy had been provided, on which the public could depend for protection from attacks upon the respiratory organs, until the introduction of the CHERRY PECTORAL.—This article is the product of a long, laborious, and I believe successful endeavor, to furnish the community with such a remedy. Of this last statement the American people are now themselves prepared to judge, and I appeal with confidence to their decision. If there is any dependance to be placed in what men of every class and station certify it has done for them, if we can trust our own senses, when we see dangerous affections of the throat and lungs yield to it, if we can depend on the assurance of intelligent Physicians who make it their business to know,—in short, if there is any reliance upon anything, then is it irrefutably proven that this medicine does relieve and does cure the class of diseases it is designed for, beyond any and all others that are known to mankind. If this be true, it cannot be too freely published, nor too widely known. The afflicted should know it. A remedy that cures, is priceless to them. Parents should know it, their children are priceless to them. All should know it, for health can be priced to no one. Not only should it be circulated here, but everywhere, not only in this country, but in all countries. How faithfully we have acted on this conviction, is shown in the act that already this article has made the circle of the globe. The sun never sets on its limits. No continent is without it, and but few peoples. Although not in so general use in other nations as in this, it is employed by the more intelligent in almost all civilized countries. It is extensively employed in both Americas—in Europe, Asia, Africa, Australia and the far off islands of the sea. Life is as dear to its possessors there as here, and they grasp at a valuable remedy with even more avidity. Unlike most preparations of its kind, it is an expensive composition of costly material. Still it is afforded to the public at a reasonably low price, and what is of vastly more importance to them, its quality is never suffered to decline from its original standard of excellence. Every bottle of this medicine, now manufactured, is as good as ever has been made heretofore, or as we are capable of making. No soil or cost is spared, in maintaining it in the best perfection which it is possible to produce. Hence the patient who procures the genuine CHERRY PECTORAL, can rely on having as good an article as has ever been had by those who testify to its cures.

By pursuing this course, I have the hope of doing some good in the world, as well as the satisfaction of believing that much has been done already.

LIVER COMPLAINT.

JAUNDICE, DYSPEPSIA, CHRONIC OR NERVOUS DEBILITY, DISEASE OF THE KIDNEYS,

AND

all diseases arising from a Disordered Liver or Stomach, such as Constipation, Inward Piles, Fullness of Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fullness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach Swimming of the Head, Hurried and Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a lying posture, Dimness of Vision, Dots or Webs before the sight, Fever and Dull Pain in the Head DEFICIENCY OF PERSPIRATION, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, &c., Sudden flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil, and great Depression of Spirits, CAN BE EFFECTUALLY CURED BY DR. HOOFLAND'S CELEBRATED GERMAN

BITTERS,

Prepared by Doct. C. M. Jackson,

AT THE GERMAN MEDICINE STORE,

120 Arch-st., Philadelphia.

Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States, as the cures attest, in many cases after skillful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal safe, certain and pleasant.

READ AND BE CONVINCED.

[From the Boston Bee.]

The Editor said, Dec. 22d: "Dr. Hoofland's celebrated German Bitters, for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor, a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience, and to the afflicted we advise their use."

SCOTT'S WEEKLY.

One of the best literary papers published, said, August 2

"DR. HOOFLAND'S GERMAN BITTERS, manufactured by Dr Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitution will find those Bitters advantageous to health, as we know from experience the salutary effect they have upon weak systems."

MORE EVIDENCE.

The Hon. C. D. HINELINE, Mayor of the City of Camden N. J., says:

"HOOFLAND'S GERMAN BITTERS.—We have seen many flattering notices of this medicine, and the source from which they came induced us to make inquiry respecting its merits. From inquiry we were persuaded to use it, and must say we found it specific in its action upon diseases of the liver and digestive organs, and the powerful influence it exerts upon nervous prostration is really surprising. It calms and strengthens the nerves, bringing them into a state of repose, making sleep refreshing.

"If this medicine was more generally used, we are satisfied there would be less sickness, as from the stomach, liver, and nervous system the great majority of real and imaginary diseases emanate. Have them in a healthy condition, and you can bid defiance to epidemics generally.—This extraordinary medicine we would advise our friends who are at all indisposed, to give a trial—it will recommend itself. It should, in fact, be in every family. No other medicine can produce such evidences of merit."

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor, is, that there is more of it used in the practice of the regular Physicians of Philadelphia, than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver—it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to Females or Infants with safety and reliable benefit, at any time.

LOOK WELL TO THE MARKS OF THE GENUINE.

They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious.

PATENT MEDICINES

DR. URBAN'S

ANTI-BACCHANALIAN ELIXIR:

A Safe and Sure Remedy for the Cure of

INTEMPERANCE.

IT is not in the least injurious to the system. It is pleasant to the taste, and will cure the hardest cases of intemperance. We *warrant* it, in all cases, if taken according to directions. It destroys the desre for all ardent spirits when strictly taken according to directions, and will restore the individual to the same state of sobriety in which he was before he ever drank a drop of the ardent, and he will not have the least desire for intoxicating drinks.

Intemperance is a disease; and as such the greater the excess in drinking, the more speedily is the disease developed, and to such the Elixer is presented as the balm of Gilead—the oil of consolation, peace and perfect restoration.

The more fully developed is the disease the more salutary and powerful the effects of this Elixir, at once destroying the appetite for spirits, and restoring the tone of the stomach to as healthy an action as it was before drinking a drop of ardent spirits; and when intemperance has assumed this diseased form, reason is measurably dethroned, the will to a certain extent becomes ungovernable, until often, alas! many have passed the bounds of sober restraint, and though they may desire, in their sober moments, to abandon the use of that which is so rapidly proving their bane, they cannot, unaided, and no aid has ever been tendered such, with success, until the discovery of Dr. Urban's never failing Anti-Bacchanalian Elixer; since which time none are left without excuse, as the means necessary to destroy the taste, and again enthrone reason, bringing the will into perfect subjection, by extracting the poisonous sting and temptation of the adder, are placed within every man's reach: those, therefore, who hereafter fill the grave of the drunkard must do so by choice, and not of necessity—it matters not how near it you may now be.

As the Elixir is a most powerful purifyer of the blood, the seat of all diseases, it has been used with great success, and is highly recommended in cases of Delirium Tremens, Dyspepsia, Epilepsy, Neuralgia, Liver Complaints, General Debility, Piles, and all kinds of Fevers. It is the best alterative known.

☞ The Anti-Bacchanalian is neatly put up and labelled, with full directions accompanying each bottle. Price $3 per bottle. On the receipt of the above sum it will be sent, free of charge, to any part of the United States. All letters to be prepaid. To be had from all the principal Druggists in the United States.

URBAN & DIDLAKE, 35 Third Street,

Dr. Urban's Vegetable Fever and AGUE POWDERS

The only sure remedy ever known for Chills and Fever, and warranted to cure, in all cases, if taken according to directions.

It cures, when taken according to directions, in TWENTY MINUTES, leaving no Fever after the Chill; very seldom requiring more than ONE DOSE to make a PERMANENT CURE. A great number of cases, from two to five years standing, have been CURED with the FIRST DOSE, and the Chill has never, as yet, returned. The beauty of this medicine is, that it stops the Chill in TWENTY MINUTES, or less, and the patient will be entirely clear from Fever after the Chill, which is not the case when any other medicine is used. It has superseeded all other preparations wherever it has been introduced.

Read what the Editors of the Louisville Democrat say from their own observation:

"Dr. Urban's medicine for the cure of chills and fever has effected some wonderful cures in our own midst. A young man who has resided for several years in Louisiana, reached New Albany a few weeks since, weak and emaciated—literally worn out physically, with long continued chills and fever. He made a short stay at the house of Judge Smith, where his old disease continued with no less severity than at home in Louisiana. Having exhausted almost every remedy known to the medical profession, he procured a box of Dr. Urban's celebrated medicine, and after taking two powders was entirely relieved and restored to health. He has been well ever since—says his health has not been as good for several years, and is now fast regaining his former vigor and the rosy cheeks he was wont to wear."

This medicine can be had at the manufacturer's Depot, 65 Third St., between Main and Market, Louisville Ky., wholesale and retail. URBAN & DIDLAKE.

☞ On the receipt of $1 the Powders will be sent, free of charge, to any part of the U. States. It may also be obtained of all the principal Druggists in the country.

Avoiding all technical terms, it addresses itself to the reason of its readers. It is free from all objectionable matter, and no parent, however fastidious, can object to placing it in the hands of his sons. The author has devoted many years to the treatment of the various complaints treated of, and 'with too little breath to puff,' and 'too little presumption to impose,' he has offered to the world at the merely nominal price of 25 cents, the fruits of some twenty years most successful practice."—HERALD.

"No teacher or parent should be without the knowledge imparted in this invaluable work. It would save years of pain, mortification and sorrow to the youth under their charge."—PEOPLE'S ADVOCATE.

A Presbyterian clergyman in Ohio, in writing of "Hunter's Medical Manual," says: "Thousands upon thousands of our youth, by evil example and the influence of the passions, have been led into the habit of self-pollution without realizing the sin and fearful consequences upon themselves and their posterity. The constitutions of thousands who are raising families have been enfeebled, if not broken down, and they do not know the cause or the cure. Any thing that can be done so to enlighten and influence the public mind as to check, and ultimately to remove this wide-spread source of human wretchedness, would confer the greatest blessing next to the religion of Jesus Christ, on the present and coming generations. Intemperance, (or the use of intoxicating drinks,) though it has slain thousands upon thousands, is not a greater scourge to the human race.—Accept my thanks on behalf of the afflicted, and, believe me, your co-worker in the good work you are so actively engaged in."

HENRY'S INVIGORATING CORDIAL,

PURELY VEGETABLE IN ITS COMPOSITION.

THIS INVALUABLE CORDIAL, is extracted from Herbs and Roots, which have been found after years of experience, by the most skilful Physicians, to be possessed of qualities most beneficial in the diseases for which it is recommended, and hence whilst it is presented to the public, as an efficacious remedy, it is also known to be of that character on which reliance may be placed as to its safety. In cases of Impotency, Hoemorrhages, Disordered Sterility, Menstruation, or Suppression of the Menses, Flour Albus or Whites or for

DEBILITY

arising from any cause, such as weakness from sickness where the patient has been confined to bed for some time, for Females after Confinement, Abortion or Miscarriage this Cordial cannot be excelled in its salutary effects; or in loss of Muscular Energy, Irritability, Physical Prostration Seminal Weakness, Palpitation of the Heart, Indigestion, Sluggishness, Decay of the Procreative Functions, Nervousness, &c., where a TONIC Medicine is required, it will be found equal, if not superior to any Compound ever used.

TO FEMALES.

"Henry's Invigorating Cordial is one of the most invaluable Medicines in the many Complaints to which Females are subject. It assists nature to brace the whole system, check excesses, and creates renewed health and happiness. Less suffering, disease and unhappiness among Ladies would exist, were they generally to adopt the use of this Cordial. Ladies who are debilitated by those obstructions which females are liable to, are restored by the use of a bottle or two, to bloom and to vigor.

YOUNG MEN.

That solitary practice, so fatal to the existence of man, and it is the young who are most apt to become its victims from an ignorance of the danger to which they subject themselves, causes

NERVOUS DEBILITY,

Weakness of the System, and Premature Decay. Many of you may now be suffering, misled as to the cause or source of disease. To those, then, who by excess have brought on themselves Premature Impotency, Involuntary Seminal Emissions, Weakness and Shrivelling of the Genital Organs Nervous Affection, or any other consequences of unrestrained indulgence of the sensual passions, occasioning the necessity of renouncing the felicities of

MARRIAGE,

lessening both mental and bodily capacity. Hold! Henry's Invigorating Cordial, a Medicine that is purely Vegetable, will aid nature to restore those important functions to a healthy state, and will prove of service to you. It possesses rare virtues, is a general remover of disease, and strengthener of the system.

AS A TONIC MEDICINE,

it is unsurpassed. We do not place this cordial on a footing with quack medicines, and, as is customary, append a long list of Recommendations, Certificates, &c., beginning with "Hear what the Preacher says," and such like; it is not necessary, for "Henry's Invigorating Cordial," only needs a trial to prove that it will accomplish all we say.

THE GENUINE "HENRY'S INVIGORATING CORDIAL,"

is put up in 8 oz Pannel Bottles, and is easily recognized by the Manufacturer's signature on the label of each Bottle, (to counterfeit which is forgery,) as well as his private Seal on the cork of each Bottle.

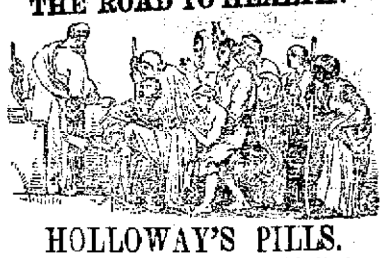
THE ROAD TO HEALTH!



HOLLOWAY'S PILLS.

These Pills being composed entirely of medicinal herbs are of a most harmless nature, while the extraordinary virtues they possess have rendered them universally popular in nearly every part of the world. The immense success they have met with throughout the States is most extraordinary, owing, it is presumed, to their wonderful efficacy in the cure of Bilious complaints and disorders of the Liver and Stomach. Persons who presevere in using them in accordance with the directions, seldom fail in being restored to health.

WEAKNESS AND DEBILITY,—RESTORATION TO HEALTH OF A GENTLEMAN, AGED 45, WHEN AT DEATH'S DOOR.

Copy of a Letter from the Rev. Charles Smith, dated Norton, St. Philips, near Bath, Somersetshire, 17th August, 1853.

TO PROFESSOR HOLLOWAY,

Sir,—A Mr. JOSEPH PURTON, formerly a resident of this place, had been in a declining state of health for upwards of three years, gradually wasting away to a shadow by nightly perspirations and want of appetite, which caused great uneasiness to his friends, as he had consulted various medical men in Bath, without effect. He at last used your Pills, and under providence was restored to health by their means. He lately emigrated to New York, and has just written to say, that he was never better in health, and desired me to acquaint you with the circumstance. I ought also to mention, that my wife had derived great benefit from the use of your Pills.

I remain, Sir, yours respectfully,
CHARLES SMITH, Dissenting Minister.

A PERMANENT CURE OF A DISEASED LIVER, OF MANY YEARS' DURATION.

Copy of a Letter from Mr. Gamis, Chemist, Yeovil, to Professor Holloway.

Dear Sir—In this district your Pills command a more extensive sale than any other proprietary medicine before the public. As a proof of their efficacy in Liver and Bilious Complaints I may mention the following case. A lady of this town with whom I am personally acquainted for years was a severe sufferer from disease of the Liver and digestive organs; her medical attendant assured her that he could do nothing to relieve her sufferings, and it was not likely she could survive many months. This announcement naturally caused great alarm among her friends and relations, and they induced her to make a trial of your Pills, which so improved her general health that she was induced to continue them until she received a perfect cure. This is twelve months ago, and she has not experienced any symptoms of relapse, and often declares that your Pills have been the means of saving her life.

I remain, Dear Sir, yours truly,
July 23d, 1853. (Signed) J. GAMIS.

HUNTER'S CELEBRATED

Pulmonary Balsam or Cough Syrup,

PREPARED BY

CURTIS & PERKINS, DRUGGISTS,

BANGOR, MAINE.

Proof Positive---Skeptics Read.—Testimony! Testimony!!

HAMPDEN, Feb. 24, 1846.

Messrs. J. Curtis, Jr., & Co.—GENTLEMEN,

I have a word to say to you, in favor of Hunter's Cough Syrup. I have the past year used in my practice, two dozen bottles of it, which I had of you, and every bottle has done good. For eight years past, I have been in the practice of Medicine, and I never have found any thing, so well calculated to operate so favorably in all diseases of the lungs as that is. I have known a hard, distressing cough, cured in forty-eight hours, by using (in broken doses) one bottle of it. One case here in particular, of a man who was thought to have a seated consumption, troubled with a hard distressing cough. I let him have one bottle, and he had two more of your Agent, Mr. Whitmore. After using the 3 bottles, he has become well, and now labors every day. He told me lately, that Hunter's Cough Syrup was the means and only means of his cure. I have given it to infants, to children, to adults, and have the pleasure to inform you that it has done good in every case. I shall do all in my power to recommend it in the cases above named, not wholly for your benefit, but for the benefit of suffering humanity.

DOCTOR D'S

Old Lock Hospital.

NO CURE NO PAY.

No. 112 Wells Street, Chicago.

The Only Certain Remedy

FOR THE CURE OF SECRET DISEASES, at 112 Wells Street. By the strict system established at the LOCK HOSPITAL, 112 Wells Street, all patients are secure of absolute privacy. The advantages of this system are too well known to need any comment. All who have any need of advice or attention from Dr. D. may confide in him with a full assurance of secrecy, and certain hope of recovery. Some of the most learned and famous men of the country have been under his charge—men of genious, intellect and power—and in no instance has the strictness of privacy been violated.

Invalids must be cautioned against the illiterate and unlearned in science, who do so much injury by quackery and imposition. The Vegetable Medicines of Dr. D. are now fully established, as the only certain remedy for venerial complaints, and those who are afflicted with such complaints, are seriously warned not to tamper with them by trusting those who practice the abuse of mercury and balsam.

Dr. D. freely invites all troubled with disorders to call upon him. His charges are regulated by the circumstances of the case. No charge will be made where a cure is not effected. Dr. D. is a regular physician, having devoted many years to the exclusive study of these diseases, comprising, in their various shades, gonorhœa, syphilis, impotency, all diseases of the bones, &c. Nothing is needed but to call upon him, to make every thing satisfactory in a moment. Such is the absolute efficacy of the method of cure that no question can possibly exist about it, when once an individual becomes acquainted with the wholesome and certain process. It is but for a man to say he is afflicted, and see himself cured.

The greatest point for the consideration of every body is to avoid all communication with persons unqualified to give them relief. Serious and dangerous consequences ensue, more than the world is aware of, from the treatment of quacks and impostors.

The only certain way is to visit the Lock Hospital, or Dr. D's office, at No. 156 Wells street, and at once place yourself under his care.

☞ Office will be kept open from 9 A. M. until 9 o'clock at night.

All letters (post paid) will receive prompt attention.—Any person wishing a private room until cured can have it by applying to Dr. D. aug5-d1yr

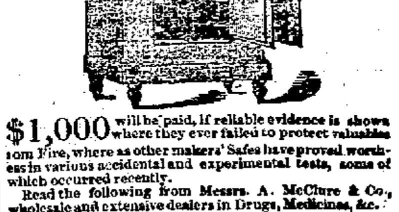
FireKing Safe, again Triumphant.



$1,000 will be paid, if reliable evidence is shown where they ever failed to protect valuables from Fire, where as other makers' Safes have proved worthless in various accidental and experimental tests, some of which occurred recently.

Read the following from Messrs. A. McClure & Co., wholesale and extensive dealers in Drugs, Medicines, &c.

ALBANY, July. 27, 1852.

This is to certify, that on the 23d day of July, 1852, our entire Stock, composed of Turpentine, Alcohol, Oil, Patent Medicines, &c., was consumed by fire; so rapid and severe was the fire that we were unable to close one safe until Mr. Pohlman subsequently entered at the peril of his life and closed the doors.

After forcing the safe open after all this exposure and fire, which made us so careful for the safety of its contents, its valuables were found uninjured.

We have so much confidence in the security of the Fire King, that we shall have it immediately replaced.

A. McCLURE & CO.

ALBANY, Dec. 19, 1852.

This is to certify, that on the 7th day of May, 1851, I purchased of J. McB. Davidson, No. 7, single flange Safe, and that the same was subjected to a severe test on the 18th of December, 1851. After the fire was extinguished, its contents (books and papers,) were examined, and found to be perfectly preserved—not a leaf of my books being scorched.

P. J. CLAASSEN,
Importer of Wines, Cigars, &c., Broadway, Albany.

After an examination of P. J. Claassen's Safe and papers, we are convinced of the superiority of Davidson's Safes over all others.

This Safe received the highest premium—a silver medal at the Fair of the New York State Agricultural Society, which was held at Albany, September 1850. Also a medal and diploma for the best burglar and fire proof safe at the same Fair held at Utica, for 1852.

Raymond, Ward Co. will receive orders for Davidsons Fire and Thief Proof Bank and Vault Doors. de12

This is to certify that on the 25th of September last we purchased of H. D. Rice, Esq., one of Mr. J. McB. Davidson's Fire Kings (No 4 Single Flange); that on the 14th of November past it was subjected to a very severe test in the burning of our warehouse, in which was stored a large quantity of whisky and other combustible materials. On opening the safe we found all our papers, consisting notes letters and receipts, perfect and entirely legible.
